***Elective Opportunities***

**Place an X in the Rank for an Elective that you have already taken.**

<b>Elective</b>	<b>Description</b>	<b>Rank</b>
<b>Video Production</b>	You are invited to join Video Production in the Media Center. We will help you shoot, edit, and deliver quality videos to share with the Rosarian community.	
<b>Art of Spain</b>	Come experience the art and traditions of Spain with Mrs. Handley and Senora Pariseleti!	
<b>Exploring Poetry</b>	Come explore the wonderful world of poetry! Students will read different types of poetry and be inspired to write their own. It's a great opportunity to showcase your creativity and exchange ideas with your friends.	
<b>STOMP</b>	STOMP is a percussion group, originating in Brighton, UK, that uses the body and ordinary objects to create a physical theatre performance using rhythms and beat.	
<b>Leadership</b>	Do you want to feel the satisfaction of helping others in need, develop new skills, meet new people and feel good about how you spend your free time? Come develop the qualities of a leader by taking on the responsibility of leading and participating in school-wide and outside community service projects.	
<b>Advanced Geography</b>	Geography is fun! Whether you are ready to be RA's next geography bee winner or you want to enhance your travel skills, join the geography club. Students will facilitate a variety of geography-led activities to enhance knowledge of cultures, map skills, climate, charts, societies, regions, and landscapes. Come travel our world!	
<b>RATV Production (Only offered Spring 2020)</b>	Have you ever wanted to anchor the morning news at Rosarian? Come be a part of the news crew and anchor RATV. Get ready to showcase your broadcasting skills!	
<b>Coding 101</b>	Explore the world of coding. Using the Spheros and Lego EV3s, get ready to expand your computer programming skills while completing a variety of challenges. Combine these skills with the ones learned in STEM to make robots work for you.	
<b>Yearbook</b>	In Yearbook Club, we design, promote, and sell the RA Yearbook. Assisted by teachers, students use an online computer program to create pages, and are also primarily responsible for taking the pictures that will end up in the yearbook.	

<b>LEGO League</b>	More than ever, we must come together to innovate and solve problems. In <i>FIRST</i> ®, you are part of a thriving community brimming with inspiration, creativity, and hope for a stronger, more sustainable future - one that's built better together. You have the power to help the cities, towns, and places you call home reach new heights. With the support of the <i>FIRST</i> community, this is your opportunity to lead our future forward - and up.	
<b>Air Plants Epiphytes</b>	Learn all about air plants! How to grow them, maintain them, and even propagate them.	
<b>Liturgy and Prayer</b>	Help be a part of school mass. You will choose Liturgical songs and prayers to be used during the mass. You will also use this time to reflect and pray.	
<b>Aerobics</b>	Get moving in Aerobics as you exercise to music. The class will start with stretching and will continue with rhythmic movements. Aerobics strengthens your heart and lungs and trains your cardiovascular system to manage and deliver oxygen more quickly and efficiently throughout your body. Some of the classes may include but will not be limited to Zumba, kickboxing, and step aerobics.	
<b>Strength Training and Conditioning/ Basketball Skills</b>	This course will introduce the basics for proper strength training and conditioning methods: warm-ups, use of equipment, various types of training, and post-training recovery. You will experience first hand what it is like to make gains in your health and fitness.	
<b>Digital Newspaper</b>	Students will engage in the process of researching stories, creating content, and publishing original work. You will get a feel for how journalism and the media function in society by providing hands-on experiences. Students will learn to interview, write journalistically, and produce a product that will be printed and submitted to Rosarian Academy's faculty and students.	
<b>Short Story and Sleuths</b>	Do you have a love for reading stories? Join the Short Story Club and explore the art of storytelling! Fridays have never been so fun.	
<b>Speech and Debate</b>	Have you ever wanted to change someone's mind? Get ready to develop and improve your public speaking, argumentative, and critical thinking skills. Techniques will be taught to control speech anxiety and structure and organize information to present to a variety of audiences.	
<b>Show Choir</b>	This is an opportunity to be a part of a choral group and represent Rosarian Academy in the community. A commitment is made by students and parents to perform at various functions both on and off campus throughout the school year.	
<b>Math Games and Brain Teasers</b>	Love math and games?! This will be an exciting class of thought-provoking games and math projects involving areas from architecture to the arts. Come join the fun!	
<b>Game Night (or morning)!</b>	Learn to play classic card games, board games, and maybe even a game of charades! Some games will be played as an individual, and others you will have to work as a team. Bring your game face and let's have some fun!
