

Dear Incoming Kindergarten Parents,

We wish you every happiness and joy with your families this summer. Your child has learned a lot in the Children's House and is getting prepared for kindergarten! In order to help him/her start the year on the right foot, we have assigned some summer reading and math work to keep his/her skills sharp. Please be sure your child completes all the summer work assigned as follows **(the IXL and Accelerated Reader platforms open for summer work on June 3, 2024)**:

The login credentials for IXL and Accelerated Reader were included in the email sent on June 3, 2024. If you did not receive the email, please contact info@Rosarian.org.

[You may view login and program help here.](#)

IXL - <https://www.ixl.com/signin/rosarian> Your child will be assigned summer math work by the kindergarten teaching team. Please complete all the assigned work through IXL before the first day of school. **This will be the first grade in the first quarter grade book.**

Accelerated Reader - <https://global-zone08.renaissance-go.com/welcomeportal> For summer reading, each kindergarten should read *The Kissing Hand* with an adult and then may choose another book that has an Accelerated Reader quiz. You may find AR books at arbookind.com. Your student(s)'s assigned reading as well as instructions on how to complete it are detailed in the enclosed "Summer Reading" document. Assessments for summer reading books will be assigned via Accelerated Reader's online platform. Your students will continue using this testing method during the following school year. **This again will be included in the first quarter grade.**

If you have any difficulty logging in to your IXL or Accelerated Reader accounts, please email IT@rosarian.org for assistance.

With these online platforms in math and reading, there will be no need to print or fill out paper summer prep work, as all the assessments will be taken online. We wish you a relaxing and enjoyable summer break!

Sincerely,

The Administrative Team

SUMMER READING

Next to each grade level below is an Accelerated Reader point total. Students entering that grade level must read the number of books necessary to reach that Accelerated Reader point total. The specific books listed below each grade level are required. To achieve the remaining required points, students may choose from any Accelerated Reader (AR) book(s) on their individual Zone of Proximal Development (ZPD) level as indicated by their final STAR Reading report. In order to receive credit, students must pass the online Accelerated Reader test with an 80%. If a student does not pass the test, that test may not be retaken and the book will not count towards their point total. The student must choose a new AR book. You may look up the AR quiz by searching for the AR Quiz Number listed next to the book.

From the nurse's office...

Dear Parents of Early Childhood, incoming Kindergarten, incoming 7th Grade, and all students new to Rosarian Academy:

The state of Florida requires all students entering kindergarten and 7th grade to have updated school physical and immunization records on file. Also, all students new to Rosarian Academy are required to have updated school health forms. (If you are new to Florida, all immunization records must be on the Florida DH680 form.) The physical and immunization record must be done within 12 months from the first day of school and all immunization records must be on the Florida DH680 form. These forms are required **prior** to the start of the school year and can be obtained at the doctor's office.

All students in the Early Childhood program need to keep their health records updated at all times. Current students will be notified one month prior to expiration.

Please make sure to complete the **"parent"** side of the physical form before submitting.

Also, for 7th grade students, the school physical is different from a sports physical form that is also a requirement for student athletes grades 5-8.

If you have any questions or concerns, please feel free to contact me.

Sincerely,
Lynn Black, RN
School Nurse
